

PROJECT STATUS REPORT

Project Name Regina SDG Website

For Week Ending Week of the 18-24

Project Status Green

Status Description Green - Ahead of schedule, plan is to just refine parts of the website and implement changes based on customer feedback.

Activities—During the Past Week

- Created the Website
- Home Page, Search Bar, Headers Menu, Category Menu, 2x Data Pages, 1x Section Page, About Us Page, Animations, New custom logo

Activities—Planned for Next Week

- Refine website, based on customer feedback
- Use more UN SDG colours, create more captivating photos/infographics to hook the user,
- Create custom infographics to add more data/visuals to data pages.

Project Issues

- Possible Issue: Implementation of Wheel - Depending on customer feedback, we may keep our new menu, however we will still investigate into implementing the menu wheel, as that was a major part of our design.

Project Changes

- New logo for project
- New menu implementation (for now)
